AVMS ACQUIRES ELITE AUDIO VISUAL SOLUTIONS

Seattle, WA, September 17, 2019 – Audio Visual Management Solutions (AVMS) announced today that it has purchased ELITE Audio Visual Solutions, a full-service, on-site event technology provider within the hospitality industry based in Scottsdale, AZ. ELITE has been delivering in-house AV services that integrate seamlessly with the infrastructure and aesthetics of every venue in which they operate since 2001.

“The entire AVMS team is truly excited about this collaboration,” stated Hobie Fugate, CEO of AVMS. “ELITE is known for its creativity, imagination, and expertise within the audiovisual industry, making them the perfect partner for us. Like the AVMS team, they are highly trained hospitality professionals that handle all aspects of events and have intimate knowledge of each facility in which they serve.”

ELITE’s executive leadership will remain in place to assist with the transition between the two companies and offer expertise and guidance throughout the process.

“This collaboration between two great companies was the ideal next step in the evolution of our company,” stated Chad Lucas, owner of ELITE Audio Visual Solutions. “The AVMS partnership will provide a viable alternative to the status quo in the marketplace. Our customers are looking for additional equipment and expertise and AVMS can provide this through their numerous locations around the nation, breadth of resources, and technical experts.”

Audio Visual Management Solutions (AVMS) connects people with technology for results so compelling that they keep coming back. For over 20 years, they have provided full-service audiovisual solutions for corporations, events, and hotels. Their success took root through customer satisfaction and resulting word-of-mouth. With partnerships in over 125 hotels, resorts and event centers nationwide, and strategically located offices throughout the nation, AVMS is a premier partner of event technology at any venue — anywhere you need. Their professional team can take an inkling of a vision and take it full-scale into the unimaginable.
